

10 E 12<sup>th</sup> Avenue  
Naperville, IL 60563

Dear Family:

Thank you for your interest in Saybrook Bath & Racquet Club! Our 2016 season is fast approaching and plans are being made for the opening of our pool. We are looking forward to another great summer of swimming, tennis and social activities and hope your family will be there to join us!

Membership choices are as follows:

**Purchase a Trial Membership: \$600**

Trial Memberships are available one time for any family and cannot be renewed. If you have been a trial or equity member of Saybrook at any time then you are not eligible for this membership. If that is the case, please contact me and we can discuss your options.

Trial members enjoy all of the privileges of Equity members with the exception of voting rights. The Trial membership expires at the end of the 2016 season.

**Purchase an Equity Membership: \$3,350 Bond purchase**

Equity membership dues are \$575 if paid prior to May 1, 2016 or \$625 thereafter. Because your membership decision requires a significant financial investment, we can send you a copy of the SBRC By-laws for your review. 2016 Equity memberships purchased directly from SBRC may be paid in up to two installments over not more than 90 days, but prior to July 1, 2015

You do have the option of purchasing a bond from a member who is moving or selling their bond for other reasons. Upon the transfer of the bond to you, a **transfer fee payment of \$670** is due to Saybrook. The seller and you should determine which party would take the responsibility of the payment and you should consider this in your purchase decision.

**Also, any past dues or assessments that are connected to the bondholder need to be paid before a new bond is issued.** It is highly recommended that you check with the Membership chairman to identify the amounts of any past dues or assessments. The amounts would need to be paid by the seller or buyer prior to a new bond being issued. These potential costs should be considered when negotiating the sale price of the bond.
